Company

FSG is a value-adding distribution company. The company's value proposition is based on eliminating unnecessary costs from the supply chain while offering nationally recognized brands to our clients. It is our mission to help our clients control cost and optimize returns in order to reduce product and service costs. We envision FSG as the source for industry leadership in facility product distribution; motivated by faith-based values built on a foundation of inclusion through shared best practices for clients, employees and the communities we serve.
